

Nottingham Trent University  
**Branded Wayfinding Signage**  
**“Grow Project” Advertising Signage**  
Minicase Gallery  
October 2016

Current Project

October 2016 : These are current and ongoing projects.

Working closely with the marketing and estates department, the works cover two projects - a rebranding of wayfinding signage, and the university's “Grow” advertising project.

**SIGN SOLUTIONS**

A PFI Group Company

# Minicase Gallery

## Service Focus

*Services include project consulting and project management, including design development and stakeholder liaison, planning consent consultation, multi-departmental co-ordination, project implementation management, manufacture and installation.*

*The University needed completion of the whole City Campus within very tight timescales - including reskinning all fabricated monolith, wall and projecting signs plus a range of high-quality digitally printed banners and banner frames. Installation included high-level works involving liaison with the tram network.*

*All works were completed on-time.*

*The University's two other campuses - Clifton and Brackenhurst - are currently undergoing rebranding, with works to be completed before New Year.*
